

## **Murphy Oil Corporation**

Murphy Oil Corporation is a US-based integrated oil and gas company with refining and marketing operations in the United States and the United Kingdom and crude oil and natural gas exploration and production operations worldwide. Murphy's upstream operations are in the Gulf of Mexico, Canada, United Kingdom, Suriname, Congo, Australia and Malaysia.

Murphy began operations in Malaysia in 1999. Together with its partner Petronas Carigali Sdn Bhd, Murphy is involved in the exploration and production of oil and gas fields offshore Sabah, Sarawak and east coast of Peninsular Malaysia.

Murphy operates the Kikeh field, Malaysia's first deepwater project, located 120km off Labuan and the West Patricia field offshore Bintulu.
