

WINTERSHALL, based in Germany, is an international oil & gas company with activities in 14 countries. WINTERSHALL's core business is the exploration & production of crude oil and natural gas for over 75 years. During that time the company has built up a high level of regional and technological expertise and is active in Europe, North Africa, South America, as well as Russia, the Caspian Sea region and the Middle East.

Today, WINTERSHALL is Germany's largest producer of crude oil and natural gas, and with its subsidiary, WINGAS, it is also an important gas supplier on the German and European market. WINTERSHALL is a wholly-owned subsidiary of the chemical company BASF.

WINTERSHALL is further expanding its activities in the Middle East.
